

Presbytery ^{OF} Greater Atlanta

PREVENTION & RESPONSE STRATEGIES FOR COVID-19 OUTBREAKS IN FAITH COMMUNITIES

BEFORE

AFTER

ENVIRONMENT

Sanitize spaces before & after arrival/dismissal

Use areas that allow 6' physical distance

Clean & disinfect all areas

Reassess use of facility

BEHAVIOR

Require cloth face coverings

Take temperatures

Reassess protocols

Provide pastoral care to congregation

CONTACT TRACING

Establish an attendance system for any facility use

Update Emergency Operations Plan to include COVID-19 protocols

Plan for when a staff or congregant gets sick

Communicate with all participants who were on site & potentially exposed while maintaining confidentiality

Encourage testing & quarantining for 14 days.

GREATER GOOD

Know the numbers in your county:
dph.georgia.gov/covid-19-daily-status-report

Identify the contact information for your local public health department

Inform congregation of exposure and updated facility use policy.

Report case & potential outbreak to your local public health department
